Acadien Marine Brokers, Fishing Gear, Fishing Licenses,

Mooring, Boat Financing, Captain Services.

The Gear deck is a page offering different types of fishing gear and marine gear that customers have for sale, with direct phone numbers you can call to get more information.

The Captain Service deck is a page where you can inform me of the type of vessel you have, and if you would like us to sail it to a particular destination for you while you travel to your destination by other means. Instead of spending all those long days at sea trying to get to your vacation spot, let us have your vessel there when you arrive so you can enjoy your vacation and relax in your vessel instead of in a hotel.

The Financing deck is a page where you can find financing options to buy the boat of your dreams. At times, the vessel you want to at buy is available with payment options, so please contact us before considering financing options. For the Atlantic US, we suggest some financial institutions in Boston, MA, New York, and various areas of Maine. For Atlantic Canada and the Maritimes, there are many institutions, such as Scotia Bank, and the Bank of Montreal.

We deal with many different types of fishing licenses , such as crab licenses, lobster licenses, and other miscellaneous licenses.

Please feel free to contact us any time for more information on listing your vessel or licenses. Thank you for visiting our website and please feel free to tell your friends about our services.
